

# Company Profile

**SOH ENERGY**  
Powering the Future with Sustainable Energy

# About Us

---

SOH Energy is a fully indigenous integrated oil and gas service company specializing in delivering top-tier solutions for drilling, production, and exploration activities across West Africa. From advanced drilling technologies to comprehensive production support, we are committed to helping our partners achieve efficiency, safety, and success in every operation.

Our mission is to deliver value-driven energy services that align with the highest standards of safety, sustainability, and innovation. We prioritize the adoption of cutting-edge technologies and industry best practices to ensure that our solutions are not only effective but also environmentally responsible.

At SOH Energy, we are proud to be a trusted partner in driving progress and powering the future of the oil and gas sector.

***SOH Energy's operations are built on a foundation of Expertise, Efficiency, and a Commitment to Delivering High Quality Energy Solutions.***

## Vision

Our vision is to be a global leader in the energy sector, recognized for our excellence in operations, commitment to sustainability, and positive impact on the communities we serve.

We aspire to shape the future of energy through innovation, strategic growth, and a relentless pursuit of operational excellence, setting new standards for the oil and gas industry

## Mission

At SOH Energy, our mission is to responsibly explore, produce, refine, and distribute energy resources while ensuring the highest standards of safety, sustainability, and community engagement.

We are committed to driving innovation, optimizing efficiency, and delivering value to our stakeholders, with a focus on meeting the world's growing energy needs while preserving the environment for future generations

# Core Values

---

## Integrity

We uphold the highest standards of honesty, transparency, and ethical conduct in all our dealings.

## Sustainability

We are dedicated to minimizing our environmental impact and fostering initiatives that support a sustainable energy future.

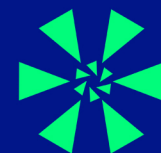

## Safety

The safety and well-being of our employees, partners, and the communities we serve are our top priorities.

## Innovation

Our pursuit of cutting-edge technology and innovative practices drives continuous improvement and industry leadership.

# HSE And Sustainability Commitment

At SOH Energy, we are committed to fostering a culture of safety, sustainability, and innovation in every aspect of our operations. Our approach to Health, Safety, and Environment (HSE) focuses on proactive measures to achieve zero harm, emphasizing the prevention of incidents, the protection of the environment, and the health, safety, and wellbeing of our employees, clients, and contractors. By collaborating closely with our clients, we ensure full compliance with safety and environmental obligations, aligning our practices with global standards.

Sustainability is at the core of our mission to "Power the Future with Sustainable Energy". We prioritize responsible practices that minimize environmental impact, promote energy efficiency, and support the long-term health of our planet. Through continuous improvement, high performance, and the integration of innovative technologies, SOH Energy delivers successful projects while contributing to a better tomorrow. Our dedication to sustainability and HSE excellence is central to our goal of creating lasting value for our stakeholders and the communities we serve

# OUR SERVICES

## Drilling and Production Services

SOH Energy delivers comprehensive drilling and production services, tailored to meet the unique demands of the oil and gas industry. With a focus on operational efficiency, sustainability, safety, and reliability, our offerings cover the full spectrum of drilling and production support. Our services include:

- ✦ Supply, Hoisting and Operating of drilling rigs
- ✦ Core sample analysis
- ✦ Drilling and production chemicals and materials supply
- ✦ Drilling support services such as wire logging, mud logging, MWD, LWD.
- ✦ Fabric Maintenance
- ✦ Asset Integrity Management

# Manpower Services

SOH Energy specializes in providing highly skilled personnel to support in the oil and gas industry across West Africa, offering expertise for both offshore and onshore operations. Our extensive database includes a diverse pool of professionals, ranging from experienced expatriates to local skilled technicians and unskilled labor. We are dedicated to matching the right talent to meet the specific needs of our clients, ensuring operational efficiency and success in every project.

## Our manpower categories include, but are not limited to:

- \* Subsea Engineer
- \* Drilling Engineers
- \* Deck Operators
- \* Mechanical Engineer
- \* Production Supervisors and Technicians
- \* HSE Advisors
- \* Welders
- \* Crane Operators
- \* Electricians
- \* Painters
- \* Valve technicians
- \* Protocol Specialis

Whether your requirements are specialized or general, SOH Energy is committed to providing reliable and competent personnel to keep your operations running smoothly.

# Equipment / Material Supply Services

SOH Energy offers a comprehensive procurement support as part of our comprehensive services. Our procurement services includes:

- \* Supply, Installation and maintenance of oilfield equipment and material that meets quality, safety and health standards.
- \* Industrial small and heavy-duty equipment , including spare parts, compressors, separator, cold room services, communication equipment.
- \* PPE and fire safety equipment .
- \* High-pressure drilling hoses, choke hoses, flow line products, actuators, valves, gaskets, jointing, non-metal line pipes, flanges and pipe supports
- \* Drilling and completions equipment like drill bits, drill pipes drilling mud and completions fluids
- \* Distribution of petroleum products ( Gasoline, diesel, Lubricants)

Our partnership with the best manufacturers and vendors in the industry guarantees the highest standards in providing oil and gas equipment and supplies.

## Special Transportation

SOH Energy specializes in providing tailored logistics solutions for the safe and efficient transport of critical equipment and materials, including drilling rigs, across diverse terrains and environments.

Our expertise includes the complete management of rig transportation and mobilization, from dismantling and loading to secure delivery and reassembly, minimizing downtime and optimizing operational readiness. Additionally, our fleet of specialized vehicles is equipped to handle oversized and heavy-duty equipment, ensuring compliance with safety standards and regulatory requirements.

We excel in delivering custom solutions for challenging environments, including remote locations and offshore sites. Leveraging our industry expertise, we ensure timely and secure transportation, even under the most demanding conditions. With a steadfast commitment to safety and precision, SOH Energy guarantees that clients' vital assets are handled with care, supporting seamless operations in the oil and gas industry.

## Protocol and Logistics Services

We offer expert protocol and logistics services. Our protocol services provide support for high-level meetings, conferences, and official visits. Our team is adept at managing complex schedules and ensuring seamless coordination for dignitaries, executives, and other high-profile individuals.

We manage the logistical aspects of projects, including Car/Vehicle hire, transportation and delivery of materials, equipment, and personnel.

## Haulage / Freight / Clearing and Forwarding

SOH Energy offers reliable and efficient haulage, freight, clearing, and forwarding services to ensure the smooth transportation and delivery of goods across various regions, both locally and internationally. Our services are designed to handle the complexities of shipping and logistics, ensuring timely and secure delivery of equipment, materials, and supplies.

Our team provides services including; scheduling, freight forwarding, handling and clearing for both small and heavy-duty cargo, using a fleet of well-maintained vehicles tailored to meet your specific needs. Whether it's onshore or offshore, we ensure your goods reach their destination on time and in optimal condition.
